UNIVERSALIST PROFESSION OF BELIEF

AND

CONDITIONS OF FELLOWSHIP

I. The Profession of Belief adopted at the session of the General Convention at Winchester, N. H., 1803, is as follows:

Article I. We believe that the Holy Scriptures of the Old and New Testaments contain a revelation of the character of God and of the duty, interest and final destination of mankind.

Article II. We believe that there is one God, whose nature is Love, revealed in one Lord Jesus Christ, by one Holy Spirit of Grace, who will finally restore the whole family of mankind to holiness and happiness.

Article III. We believe that holiness and true happiness are inseparably connected, and that believers ought to be careful to maintain order and practise good works; for these things are good and profitable unto men.

II. The *conditions of fellowship* shall be as follows: (Adopted as an amendment to Article III of the Constitution of the General Convention, at its session in Boston, Oct. 23, 1899.)

1. The acceptance of the essential principles of the Universalist Faith, to wit: 1. The Universal Fatherhood of God; 2. The Spiritual authority and leadership of His Son, Jesus Christ; 3. The trustworthiness of the Bible as containing a revelation from God; 4. The certainty of just retribution for sin; 5. The final harmony of all souls with God.

The Winchester Profession is commended as containing these principles, but neither this nor any other precise form of words is required as a condition of fellowship, provided always that the principles above stated be professed.

2. The acknowledgment of the authority of the General Convention and assent to its laws.

DAYS OF SPECIAL OBSERVANCE

Recommendations by the Universalist General Convention

1. It is recommended that *Christmas Sunday*, i.e., the Sunday nearest Christmas, be observed by appropriate services.

2. It is recommended that on *Easter Sunday a Service of Recognition* be held, at which time persons baptized in childhood, and others, may be welcomed by suitable rites to membership of the Church.

3. It is recommended that one Sunday be set apart in each year to be denominated *Children's Sunday*,—in all cases, where practicable, *the second Sunday in June*, or as near thereto as possible; that parents and guardians be encouraged and invited to bring their children to the altar on that day for baptism or dedication to the service of the Lord.

4. It is recommended that the *first Sunday of October*, in each year, be set apart as *Memorial Sunday*, for commemorating those friends who, during the year, have been taken away by death.

5. It is recommended that the *first Sunday of November*, in each year, be set apart as *All-Souls Sunday*, for a special celebration of our distinguishing doctrine, the Scriptural truth that all souls are God's children, and that finally, by His grace attending them, they will all be saved from the power of sin, and will live and reign with Him forever in holiness and happiness.

6. It is recommended that the *third Sunday of May*, in each year, be set apart as *Educational Sunday*, for the presentation to the people of the educational interests of our Church. And that on the same day an appeal be made to our *Sunday Schools* for aid in the *Home Missionary Work* of our Church.

7. It is recommended that the *fourth Sunday in November*, in each year, be set apart as *Japan Sunday*, for the presentation of the claims of our *Foreign work* and for soliciting pecuniary aid therefor.

UNIVERSALIST REGISTER

FOR 1919

THE GENERAL CONVENTION

The Universalist General Convention, having jurisdiction over the ecclesiastical organizations of the Universalist Church in the United States and Canadian Provinces, and wherever else it has churches or missions, meets biennially. The next session—1919—is to be held in Baltimore, Md., in October. This Convention is composed, first, of its officers; second, of the President, Vice-President and Secretary of the several State Conventions in its fellowship; third, of the General Superintendent and the several State Superintendents; fourth, of all ordained clergymen in fellowship either with such a State Convention or with the General Convention, and, unless disabled by years or sickness, actively engaged in the work of ministry; fifth, delegates from each parish in fellowship, each such parish being entitled to one lay delegate. To be entitled to such lay delegates and in order that its minister be eligible to be a delegate, every parish must maintain its legal existence and support public worship regularly and make a contribution on quota to the General Convention during each of the two years prior to the meeting of said Convention. At least four parishes must be organized and established in a State before a State Convention can be formed. In all States or Territories where there is no Convention the General Convention has original jurisdiction.

All laws relating to fellowship, ordination and discipline originate in the General Convention, and it is the final court of appeal in all cases of dispute or difficulty between State Conventions. It is an incorporated body, empowered to hold real and personal estate "to be devoted exclusively to the diffusion of Christian knowledge, by means of missionaries, publications and other agencies." In the interim of sessions the interests of the Convention are watched over and managed by a Board of Trustees.

The Murray Centenary Fund, created in 1870 as a memorial of the one hundredth anniversary of Rev. John Murray's first sermon in America, is the leading fund of the Universalist Church.

To this fund there have from time to time been added others of various sums, and under different names, so that the total to-day is in the neighborhood of $585,000,00. The sums have been named in former numbers of *The Register*. The Report of the General Convention of the Universalist Church extends into detail concerning them.

It has undertaken the raising of a Jubilee Fund of at least $50,000, the income of which shall be used for home missionary work.

The Universalist Historical Society—This Society was organized in 1834 for the collection of facts, books and papers pertaining to the history and condition of Universalism. The Society is incorporated under the laws of Massachusetts. It has a library of about five thousand volumes, besides important manuscripts and papers. Donations of books and money are earnestly solicited, that the library may be rendered as complete as possible, and its usefulness augmented. Its library is at Tufts College. President, Hosea Starr Ballou, Brookline, Mass.; Vice-President, Rev. L. M. Powers, D. D., Gloucester, Mass.; Acting Secretary, Prof. Clarence R. Skinner, Tufts College, Mass.; Treasurer, Llewellyn D. Seaver, Roxbury, Mass.; Libra-

Ferry Beach Park Association—This organization was founded by the late Rev. Q. H. Shinn, D. D. For sixteen years its summer sessions were held at the Weirs, N. H., for three years the meetings were at Saratoga Springs, N. Y., and the season last year was the seventeenth at Ferry Beach, which is near Old Orchard, Me. The Association has recently purchased the grove where the open-air meetings have been held. The plant now includes two hotels—the Quillen and the Underwood—the Pavilion, the bowling-alley, and about twenty-three acres of land. The beach, in front of the hotels, is a part of the famous Old Orchard beach, which is recognized as one of the finest on the eastern coast.

The Ferry Beach meetings have a denominational significance. The movement is distinctly a school of methods, where our church workers gather to increase their efficiency. The two hotels, the Quillen and the Underwood, provide entertainment for the guests, together with a large number of tents pleasantly placed on the Green, which are very popular. Tents may be rented from the Association. The annual membership dues are $1.00; life membership $25.00.

Officers—President, Rev. W. R. Rowland, New Madison, Ohio; Vice-President, Prof. C. R. Skinner, Tufts College, Mass.; Secretary, Rev. T. J. Farmer, Auburn, Me.; Treasurer, Miss Laura A. Jenness, St. Johnsbury, Vt.; Directors, E. P. Claflin, Attleboro, Mass., Rev. D. A. Ball and Rev. A. F. Walch, Augusta, Maine.

Murray Grove Association—This Association was organized Aug. 24, 1886, at the Potter Memorial Church, Good Luck, N. J., to provide means, adopt and execute measures for the preservation of memorials and property endeared to Universalists at Good Luck, N. J., and for holding yearly meetings thereat during each summer in the interest of the church at large. The Association is incorporated, and at the end of the fiscal year, June 30, 1914, owned $5,000 worth of real estate, free of debt.

In addition to this amount is an Endowment Fund of $1,000, now drawing interest at 5 per cent per annum toward defraying any deficit in the running expenses. At the meetings of August, 1909, the Potter Mansion and farm were purchased at a cost of $4,000, of which $1,000 was contributed then and there and the balance of $3,000 was advanced by two members of the Association as a loan for two years without interest. This amount has now been raised and repaid, and the entire real estate covering 225 acres placed in the hands of the General Convention to be held in trust for the Association. On this property are located the Murray Grove House, the Potter Mansion, the Potter Memorial Church, the Ballou House and several smaller buildings. A farm superintendent is now located on the property and has full direction of the development of the farm and the raising of farm produce for use during the summer meetings. The Potter Mansion has been restored and repaired and was formally dedicated by impressive services on Sunday, Aug. 16, 1914. By an amicable arrangement the Association has also the unrestricted use of the Old Potter Meeting House during the August meetings. Have we not here a denominational shrine worthy of the time and money of Universalists throughout the country? The annual membership dues are $1.00. Life membership, $25. President, Rev. William H. McGlauflin, D. D., Scranton, Pa.; Vice-President, James B. Macneal, Baltimore, Md.; Recording Secretary, Miss Ethel Gabell, 4729 Hazel Ave., W. Philadelphia, Pa.; Field Secretary, Rev. W. W. Rose, Bridgeport, Conn.; Treasurer, Walter T. Otto, 846 E. 34th St., Brooklyn, N. Y. Trustees—Miss Hattie E. Miller, Valley Stream, L. I.; James B. Knapp, New York City; Joseph Crowell, Jr., New York City; Walter Gabell, Philadelphia, Pa.; Edwin M. Waller, Philadelphia, Pa.; Miss E. E. Krementz, Newark, N. J.

Plans are well under way for celebrating the 150th anniversary of the meeting in 1770 of John Murray with Thomas Potter at Good Luck. The details are being worked out and will be duly announced.

JAPAN

The Japanese Mission was begun by the General Convention in 1890. The present missionary staff are Rev. and Mrs. S. G. Ayres, D. D., Rev. and Mrs. Nelson L. Lobdell, Miss M. Agnes Hathaway, and Rev. Hazel I. Kirk. The following are the ordained Japanese clergymen: Rev. M. Midzuhira, Rev. Hisanari Hoshino, Rev. N. Nagano, Rev. Sempo Ito, Rev. Chijiro Kawabata, and Rev. J. Chusaku Orito. The second is not in active service. Sec. and Treas., Rev. N. L. Lobdell.

We have a church and a Sunday school in Nagoya; a church, Sunday school and night school for boys with seventy pupils in Shidzuoka; a church and Sunday school in Akita; a church and two Sunday schools in Tokyo. Besides this regular church work, Mr. Lobdell has a Bible class on Wednesday evening for young men. Near the central church in Tokyo is the Blackmer Girls' Home, where we have our second Sunday school. On the grounds of the home is our free kindergarten with eighty pupils, in which school is taught a Sunday school lesson every Saturday. With the exception of the Shidzuoka night school and the above kindergarten, we have no schools, and have not had for years. We think it best to leave secular education to the government schools and confine ourselves to the more direct religious work for which we came, especially since we have more of this than we can do. The Blackmer Home is not a rescue home, as so many of our American friends seem to think. It is simply a home where girls of good character may live under Christian influence while they are going to school. For the past few years there has been an average of twenty-two such resident girls in the home, and usually four or five of them are in training for Sunday school teaching or other Christian work. Including all our religious services, Sunday schools, lectures and other gatherings, there is an average of twenty-five meetings each week throughout the entire mission in which the Bible or some phase of the Christian religion is taught. The aggregate attendance on all these occasions is somewhat more than five hundred per week. Besides these many others are reached every week through individual work. More than thirty-four million pages of Universalist literature have been placed in the hands of readers. Ten thousand cards and letters of inquiry have been received. "The Essential Elements of a Living Religion," by Dr. Keirn, "Short Studies in the Larger Faith," by Dr. Adams, and a third edition

of Dr. Allin's "Universalism Asserted," have been printed in Japanese. We have six native ministers, five of them active. There are six other paid teachers and workers, three of them giving all their time to the mission. Many of our church members render valuable volunteer services as they do in our home churches. Our church membership, resident and non-resident, is about five hundred. We have three hundred and seventy-five members in our Sunday schools. In Tokyo we own the land and buildings of the Central Church, Blackmer Home and kindergarten. In other places our people carry on their work in such private houses as we are able to rent. The following will show the facts in brief:

Summary

Missionaries 4; churches 4; native ministers 6; other teachers and paid workers 6; Sunday schools 6; night school 1; kindergarten 1; girls' home 1; church buildings 2; other buildings 2.

Colleges, Theological Schools and Academies

TUFTS COLLEGE

This college is situated at Tufts College, in the cities of Medford and Somerville, Mass. It was incorporated in 1852, and opened for students in 1855. Departments: School of Liberal Arts; Jackson College for Women; Crane Theological School; Pre-Medical School (located in Boston); Medical School (located in Boston); Dental School (located in Boston); Engineering School; Bromfield-Pearson School, connected with the Engineering School; Graduate School. For catalogue, address the Registrar, Tufts College, Mass.

THE CRANE THEOLOGICAL SCHOOL

The Crane Theological School is one of the co-ordinate departments of Tufts College. Students of the School are members of the College, enjoying its privileges and subject to its regulations. The aim of the School is to fit men to be efficient religious leaders in rural or city communities. Because of its proximity to Boston it gives unusual opportunities to its men for the study of social problems, the practise of social service and acquaintance with religious and social leaders. The new courses are being laid out with especial reference to preparing men for the active ministerial work of modern society.

ADMISSION

1. The Crane Theological School is open on equal terms to students of every denomination of Christians. Candidates unknown to the Faculty must present satisfactory testimonials as to character.

2. Students holding a Bachelor's degree are admitted to a three years' course without examination, as candidates for the degree of Bachelor of Divinity.

3. Undergraduates who enter for a degree must conform to the regular conditions of admission to the School of Liberal Arts.

4. Special students, not candidates for a degree, may be admitted to such work as they are fitted to undertake.

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF DIVINITY

The School of Liberal Arts has lately decided that certain studies, hitherto pursued in the Theological School only, are properly regarded as culture-studies, and, therefore, offers them to all students. Taking advantage of this fact, the student who enters college with Greek and other good preparation may so shape his course as to obtain the degree of Bachelor of Arts and Bachelor of Divinity in six years. A five years' course is offered to those who do not enter with the A. B. degree, or for the combined course. This course gives the culture studies of the A. B. course with the regular studies of the theological course, and gives the student a graduate degree of B. D.

A new feature of this combined course is that, in the first year, the student is given such studies as present the purpose and scope of the profession of the modern ministry. He really begins his professional preparation in his freshman year, and his future subjects are selected in such order that he sees the reason for each and gains stimulus for an adequate equipment.

Graduates from other institutions may obtain the degree of Bachelor of Divinity, after having completed those parts of the course of this school which have not been included in their previous study. The time required will depend on their previous work and their ability to acquire the required excellence of accomplishment.

Students who do not seek degrees can enter for special studies and short courses at the beginning of any semester.

THE CANTON THEOLOGICAL SCHOOL.—The regular course of instruction covers four years, leading to graduation with diploma. Those who have had a regular college course, or its equivalent, receive the degree of Bachelor of Divinity after three years of resident study. The School also offers a four years' course for preparation for ministry in the rural field. In 1916 a course for the training of Ministers' Assistants was added. These courses include the departments of Ethics, History, Theol-

ogy, History of Religion, Homiletics, Apologetics, Church Administration, Psychology, Sociology, Anthropology, Missions, Religious Pedagogy, Christian Institutions, Sunday School Organization and Administration, Evolution in Relation to Religious Thought, and Bible Study Interpretation and Criticism. Students so situated as to require it, may enter for a shorter term than the regular course, and will be entitled to a certificate stating their attainments.

Conditions of Admission.—The students particularly desired are those who give promise of usefulness in the ministry of the Universalist Church. The best preliminary preparation is a classical course in college. Students whose opportunities have not admitted of such preparation are received if they possess a High School or equivalent education in English. Sound moral principle and approved Christian standing are indispensable.

Lectures.—Courses of lectures on preaching and pastoral work are given each year by eminent clergymen, Universalist and other.

This is our oldest Theological School, having been founded in 1856. It is now well endowed, has an elegant and substantial building for its exclusive use, and one of the best theological libraries in the country. A joint college-theological course that can be completed in six years by students of ability is offered, and is recommended as the best course for those not already college graduates. It leads to the degrees of B. A. and B. D. Students in the Theological School are permitted to pursue any study in the college without charge. No charge is made for tuition or for use of the library. Board and room $5.00 to $6.00 per week. Students may obtain assistance from the General Convention, when needed, to the extent of $125 a year. Text books are furnished students. For information and catalogue, address the Dean, Prof. J. M. Atwood, Canton, N. Y.

THE BROOKLYN LAW SCHOOL.—A department of St. Lawrence University. The school has an able faculty and has fine accommodation in the building of the Brooklyn Eagle. The tuition is $120. It has all the departments of a high grade agricultural school with manual training, blacksmithing and domestic science. An experimental farm of 70 acres is connected with the school, with modern farm buildings, including butter and cheese factory and greenhouse. The tuition is free to all residents of the State. Catalogues may be obtained from the President of the University, or the Dean of the School of Agriculture.

CLINTON LIBERAL INSTITUTE

This institution has been moved to Canton by order of the Regents of the University of the State of New York, and its work united with that of the University.

LOMBARD COLLEGE

Lombard College, at Galesburg, Illinois, was founded by Universalists of Illinois, who realized the need of an institution of learning where boys and girls might receive a liberal education untrammeled by the creeds emphasized in the schools in the community. A charter was granted on Feb. 15, 1851. Lombard has always been liberal in fact as well as in faith, and no bias of sect or prejudice of sex has limited its usefulness as an institution of learning. Students entered in the fall of 1852 and the first class, which consisted of four men and two women, graduated in 1856. Women were admitted on the same basis as men from the beginning, and Lombard was the second institution in the United States to become co-educational.

The College offers four year courses leading to A. B. and B. S. degrees. The courses are carefully planned to give a broad, liberal education, or preparation for professional studies, with special courses leading to a degree for men, in Business Administration, Science and Teaching, and for Women, in Home Economics, Vocal Art, Public School Music, Piano and Teaching.

In January, 1918, Lombard College was accepted by the Educational Department of the State of Illinois as a "first class" college, and Lombard's credits are now accepted by the State University and other high grade institutions.

The courses in Vocal Art and Piano, Madame Anna Groff-Bryant director, not only prepare young women in public school teaching but also give a complete course with Bachelor's degree in these subjects.

Lombard College has the enviable reputation of having the most beautiful campus in the Central West, which, together with its fine athletic field and gymnasium, makes the work of physical training and athletics, so necessary in the modern college, of the highest order. The college is represented with strong and many championship teams in football, baseball, basketball and track.

Lombard Hall is a modern attractive dormitory for women in which the home atmosphere predominates. Supervision of the Hall includes special attention to the health and social interests of the women.

College bills, per semester (two semesters per year): Tuition $45; board and room for young ladies in Lombard Hall, from $110 up. Board and room for men in private families at reasonable rates.

Tuition in the Divinity School is free to those studying for the Christian ministry. Admission requirements will be explained on request.

The new Ryder buildings for which loyal Universalists have subscribed $30,000, are nearly completed.

The Academy was incorporated in 1865, and takes its name from the late Dr. Oliver Dean of Franklin, who provided for its foundation with generous munificence. The main school building is a fine structure with every convenience and comfort for the maintenance of the school. It is lighted with electricity and heated by steam. The other buildings consist of a substantial and commodious gymnasium, the Ray Science Building with well equipped laboratories, and the new Alumni Building, with recreation room, dormitories, swimming pool and infirmary. The large endowment of nearly $200,000 enables the school to provide liberally the best instruction and a most comfortable home.

GODDARD SEMINARY

The Seminary is situated at Barre, Vt., the Granite City, and is easy of access by rail from points within the state or at a distance.

Four courses of study are offered. The academic course includes a knowledge of the ordinary English branches and the sciences, with at least four years spent on languages. By omitting two years of the languages, an English course is formed similar to the ordinary course in schools of this grade. The college preparatory course fits the student for any college, while including some useful studies not required for admission. The academic course is designed for such students as do not purpose attending college, but desire the best education a secondary school can give them. There is opportunity in this course, therefore, for studying the ancient and modern languages, mathematics, science, English literature, rhetoric and history.

Each of the courses occupies four years, and a diploma is given at the completion of any one of them.

Both sexes are admitted. The atmosphere of the school is made as homelike as possible, while suitable restraints are im-

posed. A multiplicity of rules is avoided, however, much being left to each student's honor and sense of propriety.

A state teachers' course with practise work in the public schools of Barre city and town, gives a certificate to teach in the Vermont schools.

A two years' course in Domestic Science was recently introduced. Adequate equipment was installed for the different departments of this course, and the work is very attractive to girls.

A two years' commercial course gives a thorough preparation in the commercial subjects needed for all kinds of office work. This department aims to give the work of the commercial college, and its graduates are filling many responsible positions.

The department of instrumental music is well conducted. The reputation of this department is very high. Diplomas will be given to students satisfactorily completing the course in Music.

Vocal music is also taught by a teacher of reputation and experience. Her work gives general satisfaction.

The school is supplied with anatomical models, charts, globes, microscopes, a cabinet of minerals, apparatus for chemistry and natural philosophy, and a library of three thousand volumes.

A gymnasium, erected and equipped by the alumni and friends, gives ample opportunity for physical development. Care is taken to have proper physical examination, and exercises are in charge of competent instructors.

The Thompson Memorial Building furnishes every facility to twenty-eight students to board themselves.

Fund.—The permanent funds amount to $160,000, and will be materially increased by bequests subject to life interest.

Expenses.—Board, $5.50 per week, including room rent, steam heat, light and washing. The charge for tuition is $15 per term. Twelve free scholarships pay the tuition of those pupils meeting the requirements. School charges for the year amount to $275.

WESTBROOK SEMINARY

This institution, the oldest active school in the denomination, is a boarding and day school of the highest standards for both sexes. Its charter was granted in 1831 by the state of Maine, and in 1863 was amended so as to give the Seminary the authority of a woman's college. Located in that part of Portland which was formerly Westbrook and was later erected into the city of Portland, it enjoys the advantages of the city and country alike, while the centering of railroad and steamship lines at Portland makes it easily accessible from anywhere.

The grounds are spacious, the buildings convenient and comfortable. Hersey and Goddard Halls, the dormitories respectively of the young ladies and of the young men, are connected by the dining hall, and afford accommodations for about one hundred students. These halls are well equipped with modern

improvements and are kept in thorough repair. Alumni Hall contains the principal recitation rooms, the laboratories of Chemistry, Physics, Biology, Photography and Domestic Science, as well as the Cabinet of Minerals, Fossils and Zoological Specimens. The other buildings are the McArthur Gymnasium, and the Moulton Chapel.

The course of study is carefully planned to allow a large freedom of selection, but at the same time to ensure each graduate a good general education as well as a preparation more than sufficient for admission to college. Special advantages in the way of advanced work are offered to graduates of other schools who wish to anticipate some of their college work. Among the courses offered are: Four years in English, six in Mathematics, nine in Science, five in History, six in Latin, four each in Greek, German, French, Piano, Voice Culture, and Elocution, two in Domestic Science, in Surveying, in Spanish, and in Commercial Study, and one in Pedagogy and School Management.

The regular expenses for the school year amount to $300, not including books.

Gentlemen:—It is with pleasure that I write this note which I believe will give you commendable pride from the fact that we in St. Andrews Church, Brighton, have used your individual communion cups for the last fourteen or fifteen years, and have broken just one. They have been sterilized and washed four times a year since they were presented to the session for use nearly a score of years ago. We gladly recommend them to any session needing communion cups. -Yours truly, B. C. H. BECKER, Representative Elder.

UNIVERSALIST PROFESSION OF BELIEF

AND

CONDITIONS OF FELLOWSHIP

I. The Profession of Belief adopted at the session of the General Convention at Winchester, N. H., 1803, is as follows:

Article I. We believe that the Holy Scriptures of the Old and New Testaments contain a revelation of the character of God and of the duty, interest and final destination of mankind.

Article II. We believe that there is one God, whose nature is Love, revealed in one Lord Jesus Christ, by one Holy Spirit of Grace, who will finally restore the whole family of mankind to holiness and happiness.

Article III. We believe that holiness and true happiness are inseparably connected, and that believers ought to be careful to maintain order and practise good works; for these things are good and profitable unto men.

II. The *conditions of fellowship* shall be as follows: (Adopted as an amendment to Article III of the Constitution of the General Convention, at its session in Boston, Oct. 23, 1899.)

1. The acceptance of the essential principles of the Universalist Faith, to wit: 1. The Universal Fatherhood of God; 2. The Spiritual authority and leadership of His Son, Jesus Christ; 3. The trustworthiness of the Bible as containing a revelation from God; 4. The certainty of just retribution for sin; 5. The final harmony of all souls with God.

The Winchester Profession is commended as containing these principles, but neither this nor any other precise form of words is required as a condition of fellowship, provided always that the principles above stated be professed.

2. The acknowledgment of the authority of the General Convention and assent to its laws.

DAYS OF SPECIAL OBSERVANCE

Recommendations by the Universalist General Convention

1. It is recommended that *Christmas Sunday*, i.e., the Sunday nearest Christmas, be observed by appropriate services.

2. It is recommended that on *Easter Sunday a Service of Recognition* be held, at which time persons baptized in childhood, and others, may be welcomed by suitable rites to membership of the Church.

3. It is recommended that one Sunday be set apart in each year to be denominated *Children's Sunday*,—in all cases, where practicable, *the second Sunday in June*, or as near thereto as possible; that parents and guardians be encouraged and invited to bring their children to the altar on that day for baptism or dedication to the service of the Lord.

4. It is recommended that the *first Sunday of October*, in each year, be set apart as *Memorial Sunday*, for commemorating those friends who, during the year, have been taken away by death.

5. It is recommended that the *first Sunday of November*, in each year, be set apart as *All-Souls Sunday*, for a special celebration of our distinguishing doctrine, the Scriptural truth that all souls are God's children, and that finally, by His grace attending them, they will all be saved from the power of sin, and will live and reign with Him forever in holiness and happiness.

6. It is recommended that the *third Sunday of May*, in each year, be set apart as *Educational Sunday*, for the presentation to the people of the educational interests of our Church. And that on the same day an appeal be made to our *Sunday Schools* for aid in the *Home Missionary Work* of our Church.

7. It is recommended that the *fourth Sunday in November*, in each year, be set apart as *Japan Sunday*, for the presentation of the claims of our *Foreign work* and for soliciting pecuniary aid therefor.

UNIVERSALIST REGISTER

FOR 1920

THE GENERAL CONVENTION

The Universalist General Convention, having jurisdiction over the ecclesiastical organizations of the Universalist Church in the United States and Canadian Provinces, and wherever else it has churches or missions, meets biennially. The next session—1921—is to be held in Detroit, Mich., in October. This Convention is composed, first, of its officers; second, of the President, Vice-President and Secretary of the several State Conventions in its fellowship; third, of the General Superintendent and the several State Superintendents; fourth, of all ordained clergymen in fellowship either with such a State Convention or with the General Convention, and, unless disabled by years or sickness, actively engaged in the work of the ministry; fifth, delegates from each parish in fellowship, each such parish being entitled to one lay delegate. To be entitled to such lay delegate and in order that its minister be eligible to be a delegate, every parish must maintain its legal existence and support public worship regularly and make a contribution on quota to the General Convention during each of the two years prior to the meeting of said Convention. At least four parishes must be organized and established in a State before a State Convention can be formed. In all States or Territories where there is no Convention the General Convention has original jurisdiction.

All laws relating to fellowship, ordination and discipline originate in the General Convention, and it is the final court of appeal in all cases of dispute or difficulty between State Conventions. It is an incorporated body, empowered to hold real and personal estate "to be devoted exclusively to the diffusion of Christian knowledge, by means of missionaries, publications and other agencies." In the interim of sessions the interests of the Convention are watched over and managed by a Board of Trustees.

The Murray Centenary Fund, created in 1870 as a memorial of the one hundredth anniversary of Rev. John Murray's first sermon in America, is the leading fund of the Universalist Church.

To this fund there have from time to time been added others of various sums, and under different names, so that the total to-day is in the neighborhood of $585,000.00. The sums have been named in former numbers of *The Register*. The report of the General Convention of the Universalist Church extends into detail concerning them.

It is responsible for the support of three women workers in Japan, assumes the entire care of the Blackmer Home and its missionaries, maintains the Midori Kindergarten, has an endowment fund of $20,689.33 for the Blackmer Home in Tokyo, Japan, has pledged $1,000 for the church in Shidzuoka, Japan, and contributed to the leper work in China. The Sunday School Department has secured pledges from one hundred schools in order to maintain the third woman missionary in Japan, and is planning for special mission studies in the Sunday schools.

The Universalist Historical Society—This Society was organized in 1834 for the collection of facts, books and papers pertaining to the history and condition of Universalism. The Society is incorporated under the laws of Massachusetts. It has a library of about five thousand volumes, besides important manuscripts and papers. Donations of books and money are earnestly solicited, that the library may be rendered as complete as possible, and its usefulness augmented. Its library is at Tufts

College. President, Hosea Starr Ballou, Brookline, Mass.; Vice-President, Rev. L. M. Powers, D. D., Washington, D. C.; Acting Secretary, Prof. Clarence R. Skinner, Tufts College, Mass.; Treasurer, Llewellyn D. Seaver, Roxbury, Mass.; Librarian, Rev. L. S. McCollester, D. D., Tufts College, Mass.; Assistant Librarian, Ethel Munroe Hayes, A. B., Tufts College, Mass.; Directors, Rev. Anson Titus, West Somerville, Mass., together with the president, secretary, and treasurer by virtue of their office.

Ferry Beach Park Association—This organization was founded by the late Rev. Q. H. Shinn, D. D. For sixteen years its summer sessions were held at the Weirs, N. H., for three years the meetings were at Saratoga Springs, N. Y., and the season last year was the eighteenth at Ferry Beach, which is near Old Orchard, Me. The Association now owns the grove where the open-air meetings have been held. The plant includes two hotels —the Quillen and the Underwood—the Pavilion, the bowling-alley, and about twenty-three acres of land. The beach, in front of the hotels, is a part of the famous Old Orchard beach, which is recognized as one of the finest on the eastern coast.

The Ferry Beach meetings have a denominational significance. The movement is distinctly a school of methods, where our church workers gather to increase their efficiency. The two hotels, the Quillen and the Underwood, provide entertainment for the guests, together with a large number of tents pleasantly placed on the Green, which are very popular. Tents may be rented from the Association. The annual membership dues are $1.00; life membership $25.00.

Officers—President, Rev. W. R. Rowland, New Madison, Ohio; Vice-President, Prof. C. R. Skinner, Tufts College, Mass.; Secretary, Rev. T. J. Farmer, Auburn, Me.; Treasurer, Miss Laura A. Jenness, St. Johnsbury, Vt.; Drectors, E. P. Claflin, Attleboro, Mass.; Rev. D. A. Ball and Rev. A. F. Walch, Augusta, Maine.

Murray Grove Association—This Association was organized Aug. 24, 1886, at the Potter Memorial Church, Good Luck, N. J., to provide means, adopt and execute measures for the preservation of memorials and property endeared to Universalists at Good Luck, N. J., and for holding yearly meetings thereat

during each summer in the interest of the church at large. The Association is incorporated, and at the end of the fiscal year, June 30, 1914, owned $5,000 worth of real estate, free of debt. In addition to this is an Endowment Fund of over $2,500, now drawing interest at 5 per cent per annum toward defraying any deficit in the running expenses. Real estate amounting to 225 acres has been placed in the hands of the General Convention to be held in trust for the Association. On this property are located the Murray Grove House, the Potter Mansion, the Potter Memorial Church, the Ballou House and several smaller buildings. A farm superintendent is now located on the property and has full direction of the development of the farm and the raising of farm produce for use during the summer meetings. The Potter Mansion has been restored and repaired and was formally dedicated by impressive services on Sunday, Aug. 16, 1914. By an amicable arrangement the Association has also the unrestricted use of the Old Potter Meeting House during the August meetings. Have we not here a denominational shrine worthy of the time and money of Universalists throughout the country? The annual membership dues are $1.00. Life membership, $25. President, Edwin M. Waller, Philadelphia, Pa.; Vice-President, James B. Macneal, Baltimore, Md.; Recording Secretary, Mrs. Joseph Crowell, Jr., New York City; Field Secretary, Rev. C. E. Petty, Sayre, Pa.; Treasurer, Walter T. Otto, New York City; Trustees, Miss Hattie E. Miller, Valley Stream, L. I.; Walter Gabell, Philadelphia, Pa.; Edwin M. Waller, Philadelphia, Pa.

Plans are well under way for celebrating the 150th anniversary of the meeting in 1770 of John Murray with Thomas Potter at Good Luck. The details are being worked out and will be duly announced.

JAPAN

The Mission of the Universalist Church in Japan was established in the year 1890, and was carried on under the direction of the General Convention and the Women's Missionary Society of the Universalist Church until in October, 1917, both of these bodies placed the conduct of the work in the hands of the Foreign Missionary Board of the Universalist Church. Under the direction of this Board the missionaries on the field were organized into a Mission Council for the conduct of the work in Japan.

The present missionary force consists of the following persons in order of their appointment: Miss M. Agnes Hathaway, Rev. and Mrs. Nelson L. Lobdell, Rev. Hazel I. Kirk, Rev. Dr. and Mrs. Samuel G. Ayres.

The following Japanese clergymen are in fellowship with our Church in Japan: Rev. Hisanari Hoshino, Rev. Sempo Ito, Rev. Naoichero Nagano, Rev. Sanji Mizuhira, Rev. Chujiro Kawabata, and Mr. Yasutari Kasatani. All but Mr. Hoshino are in active service.

The work of the Japan Mission consists of the following activities: In Akita City, a church and Sunday school; in Nagoya city, church and Sunday school; in Shidzuoka City, a church and Sunday school, an evening high school for boys and Bible and English classes; in Tokyo a church, Sunday school, Young Men's Society, Women's Society, the Blackmer Girls' Home and its Sunday school and organized play-ground work, the Midori Kindergarten and its Sunday school and mothers' meetings, and a literature department for the publication and distribution of our literature.

The land and buildings occupied by the Tokyo church, the Blackmer Home, and the Midori Kindergarten are the property of the Mission. All of the other work is carried on in rented buildings. Funds have been raised to erect buildings in Shidzuoka.

None of the churches are self-supporting as yet, but all of them contribute something toward the support of their pastors.

Colleges, Theological Schools and Academies

TUFTS COLLEGE

This college is situated at Tufts College, in the cities of Medford and Somerville, Mass. It was incorporated in 1852, and opened for students in 1855. Departments: School of Liberal Arts; Jackson College for Women; Crane Theological School; Pre-Medical School (located in Boston); Medical School (located in Boston); Dental School (located in Boston); Engineering School; Bromfield-Pearson School, connected with the Engineering School; Graduate School. For catalogue, address the Registrar, Tufts College, Mass.

THE CRANE THEOLOGICAL SCHOOL

The Crane Theological School is one of the co-ordinate departments of Tufts College. Students of the School are members of the College, enjoying its privileges and subject to its regulations. The aim of the School is to fit men to be efficient religious leaders in rural or city communities. Because of its proximity to Boston it gives unusual opportunities to its men for the study of social problems, the practise of social service and acquaintance with religious and social leaders. The new courses are being laid out with especial reference to preparing men for the active ministerial work of modern society.

ADMISSION

1. The Crane Theological School is open on equal terms to students of every denomination of Christians. Candidates unknown to the Faculty must present satisfactory testimonials as to character.

2. Students holding a Bachelor's degree are admitted to a three years' course without examination, as candidates for the degree of Bachelor of Divinity.

3. Undergraduates who enter for a degree must conform to the regular conditions of admission to the School of Liberal Arts.

4. Special students, not candidates for a degree, may be admitted to such work as they are fitted to undertake.

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF DIVINITY

The School of Liberal Arts has lately decided that certain studies, hitherto pursued in the Theological School only, are properly regarded as culture-studies, and, therefore, offers them to all students. Taking advantage of this fact, the student who enters college with Greek and other good preparation may so shape his course as to obtain the degree of Bachelor of Arts and Bachelor of Divinity in six years. A five years' course is offered to those who do not enter with the A. B. degree, or for the combined course. This course gives the culture studies of the A. B. course with the regular studies of the theological course, and gives the student a graduate degree of B. D.

A new feature of this combined course is that, in the first year, the student is given such studies as present the purpose and scope of the profession of the modern ministry. He really begins his professional preparation in his freshman year, and his future subjects are selected in such order that he sees the reason for each and gains stimulus for an adequate equipment.

Graduates from other institutions may obtain the degree of Bachelor of Divinity, after having completed those parts of the course of this school which have not been included in their previous study. The time required will depend on their previous work and their ability to acquire the required excellence of accomplishment.

Students who do not seek degrees can enter for special studies and short courses at the beginning of any semester.

LOMBARD COLLEGE

Lombard College, at Galesburg, Illinois, was founded by Universalists of Illinois, on Feb. 15, 1851. Women were admitted on the same basis as men from the beginning, and Lombard was the second institution in the United States to become co-educational.

The College offers four year courses leading to A. B. and B. S. degress. The courses are carefully planned to give a broad, liberal education, or preparation for professional studies.

In January, 1918, Lombard College was accepted by the Educational Department of the State of Illinois as a "first class" college, and Lombard's credits are now accepted by the State University and other high grade institutions.

The courses in Vocal Art and Piano not only prepare young women in public school teaching but also give a complete course with Bachelor's degree in these subjects.

Lombard College has the enviable reputation of having the most beautiful campus in the Central West, which, together with its fine athletic field and gymnasium, makes the work of physical training and athletics, so necessary in the modern college, of the highest order.

Lombard Hall is a modern attractive dormitory for women in which the home atmosphere predominates.

The Academy was incorporated in 1865, and takes its name from the late Dr. Oliver Dean of Franklin, who provided for its foundation with generous munificence. The main school building is a fine structure with every convenience and comfort for the maintenance of the school. It is lighted with electricity and heated by steam. The other buildings consist of a substantial and commodious gymnasium, the Ray Science Building with well equipped laboratories, and the new Alumni Building, with recreation room, dormitories, swimming pool and infirmary. GODDARD SEMINARY

The Seminary is situated at Barre, Vt., the Granite City, and is easy of access by rail from points within the state or at a distance.

Four courses of study are offered. The academic course includes a knowledge of the ordinary English branches and the sciences, with at least four years spent on languages. By omitting two years of the languages, an English course is formed similar to the ordinary course in schools of this grade. The college preparatory course fits the student for any college, while including some useful studies not required for admission. The academic course is designed for such students as do not purpose attending college, but desire the best education a secondary school can give them. There is opportunity in this course, therefore, for studying the ancient and modern languages, mathematics, science, English literature, rhetoric and history.

Each of the courses occupies four years, and a diploma is given at the completion of any one of them.

Both sexes are admitted. The atmosphere of the school is made as homelike as possible, while suitable restraints are im-

posed. A multiplicity of rules is avoided, however, much being left to each student's honor and sense of propriety.

A state teachers' course with practise work in the public schools of Barre city and town, gives a certificate to teach in the Vermont schools.

A two years' course in Domestic Science was recently introduced. Adequate equipment was installed for the different departments of this course, and the work is very attractive to girls.

A two years' commercial course gives a thorough preparation in the commercial subjects needed for all kinds of office work. This department aims to give the work of the commercial college, and its graduates are filling many responsible positions.

The department of instrumental music is well conducted. The reputation of this department is very high. Diplomas will be given to students satisfactorily completing the course in Music.

Vocal music is also taught by a teacher of reputation and experience. Her work gives general satisfaction.

The Thompson Memorial Building furnishes every facility to twenty-eight students to board themselves.

Fund.—The permanent funds amount to $160,000, and will be materially increased by bequests subject to life interest.

Expenses.—Board, $6.00 per week, including room rent, steam heat, light and washing. The charge for tuition is $15 per term. Twelve free scholarships pay the tuition of those pupils meeting the requirements. School charges for the year amount to $300.

WESTBROOK SEMINARY

This institution, the oldest active school in the denomination, is a boarding and day school of the highest standards for both sexes. Its charter was granted in 1831 by the state of Maine, and in 1863 was amended so as to give the Seminary the authority of a woman's college. Located in that part of Portland which was formerly Westbrook and was later erected into the city of Portland, it enjoys the advantages of the city and country alike, while the centering of railroad and steamship lines at Portland makes it easily accessible from anywhere.

The grounds are spacious, the buildings convenient and comfortable. Hersey and Goddard Halls, the dormitories respectively of the young ladies and of the young men, are connected by the dining hall, and afford accommodations for about one hundred students. These halls are well equipped with modern improvements and are kept in thorough repair. Alumni Hall contains the principal recitation rooms, the laboratories of Chemistry, Physics, Biology, Photography and Domestic Science, as well as the Cabinet of Minerals, Fossils and Zoological Specimens. The other buildings are the McArthur Gymnasium, and the Moulton Chapel.

The course of study is carefully planned to allow a large free-

dom of selection, but at the same time to ensure each graduate a good general education as well as a preparation more than sufficient for admission to college. Special advantages in the way of advanced work are offered to graduates of other schools who wish to anticipate some of their college work. Among the courses offered are: Four years in English, six in Mathematics, nine in Science, five in History, six in Latin, four each in Greek, German, French, Piano, Voice Culture, and Elocution, two in Domestic Science, in Surveying, in Spanish, and in Commercial Study, and one in Pedagogy and School Management.

The regular expenses for the school year amount to $350.

OXFORD BIBLES

A Brief *Historical* Note

The Oxford University Press published its first book in 1468, the first Oxford Bible being issued in 1675.

The Press is almost self-sustaining, founding its own type, and making its paper at the mills at Wolvercote on the Thames. The skins of 100,000 animals are used every year for the covers of Oxford Bibles alone, and 400,000 sheets of gold are required for gilt lettering, to say nothing of gilt edges, for which a still larger quantity is utilized.

The introduction in 1841 of the famous Oxford India Paper revolutionized the art of book making. This wonderfully light, thin, and opaque paper used only in books bearing the Oxford imprint, has without doubt contributed largely to the pre-eminence of the Oxford editions.

All booksellers carry Oxford Bibles. A catalogue will be sent upon application to Oxford University Press, American Branch, 35 West 32nd Street, New York.
